Klasse 9 · Road Trip File 01 – The Last Ferry

Öffnet sich mit: Landmark-Karte Statue of Liberty + Staat New York · Niveau: Unit 1–2 (Zeitformen, -ing)

Jeremy and Jessica are standing on Liberty Island. It is getting dark, and the tourists are leaving. "Look at the time!" Jessica says. "The last ferry left ten minutes ago."

Jeremy checks his phone. "No signal. Great." Then he laughs. "Do you remember what the guide said? The statue was a present from France in 1886. Maybe France sends us a boat."

A park ranger is walking along the path. She smiles. "You two look lost," she says. "I'm closing the gate, but a service boat is going to Manhattan in half an hour. You can come with me – if you help me carry these boxes."

On the boat, Jessica is looking back at the statue. The torch is shining against the dark sky. "We missed the ferry," she says, "but we got the best view of the whole trip."

2. What does the park ranger offer? (A ride on the service boat if they carry boxes.)
